Printable protractor — 180° and 360°, 10 cm across

Print at 100% / Actual size (turn off “Fit to page”), then check the rulers with a real ruler: each 10 cm ruler must measure exactly 10 cm, and the inch ruler exactly 4 in.

Print at 100% (actual size). The baseline should measure exactly 10 cm.
Outer scale: 0° at right. Inner scale: 0° at left. Read the scale whose 0° sits on your baseline ray.

Print at 100% (actual size). The ruler should measure exactly 10 cm.
